\*\*\*\*\* HINDI BEE \*\*\*\*\*

**Coming soon to Bay Area !**

**US Hindi Association is organizing a unique competition for our young Hindi learners. An exciting opportunity for USHA students to practice their vocabulary and also learn new words ! More information coming soon.**

## Objective of USHA

USHA's goal is to promote the use and education of Hindi in USA and to make Hindi easy to learn!

In order to achieve those goals, we bring the language to your school thus making it very easily accessible to all.

We make it easy to learn by designing the eduHindi curriculum and Jano Hindi Program especially for children growing in the American school system. They employ the same teaching strategies and methodologies found in American textbooks and workbooks! Thus, the eduHindi textbooks and workbooks are extremely well suited for your child. Our students have told us that they love the program and 100% of them have voted that they will come back the subsequent year.

By teaching them reading, writing and speaking and comprehension - all at the same time, we can ensure that each component supports and enhances the other. Thus, as they learn to read more, they begin to appreciate the words they speak since they now know how they are written, spoken, what they mean and how to read the script.

The developing brain at that age can appreciate the fact that it is learning in leaps and bounds and loves that. We hope your child will get a chance to enjoy the Jano Hindi Program while they are young!

नवरात्री की शुभकामनायें ।

क्या आपको पता है ?

*Kya Aapko Pata Hai?*

*Did you know?*

Sanskrit is the mother of all the European languages. Sanskrit is the most suitable language for computer software, according to a report in Forbes magazine, July 1987.

The World's first university was established in Takshashila in 700BC. More than 10,500 students from all over the world studied more than 60 subjects there.
